Subject — Cement concreting the foot paths on both sides of Krishna Cinema Road for a distance of about 4 furlongs

---

Sir

I write to state that the road running between Gumchi Sq and the junction of B H Road and Krishna cinema Road has been already shelcreted Kerb ~~Curb~~ stones have been put on both the sides to protect the sides being washed out As this is a very important road with heavy vehicular and pedestrain traffic, the question of cement concreting the foot paths was found very necessary Three alternative estimates for cement concreting (Rs 12,590) surface dressing with coolies (Rs 8,570/-) Emulsion, paving with burnt stoe slabs (Rs 21,210) were prepared by the office and placed before the Council The Council who at their meeting held on 29-6-1951 after ~~detail~~ discussion in detail over all the estimates, resolved that the foot paths may be cement concreted at a cost of 12,590/- and that the expenditure be met out of closing balance for the current year I, therefore, request that sanction of Government may kindly be accorded to the Council resolution The estimates, a copy of Council resolution are enclosed for information
